

What does a good ticket look like?

Qflow makes it easy to track all material deliveries and waste movements through a photograph. In order to extract the best quality information, there are key pieces of information each delivery ticket and waste transfer note should contain.

On delivery tickets the key items to include are:

- Date
- Delivery Address
- Dispatch Address
- Subcontractor
- Supplier
- Product name
- Quantity
- Weight
- Volume

On a waste transfer note the following items are required in line with the Environment Agency's waste duty of care regulations:

- Date
- Waste Transfer Number
- Subcontractor
- Origin Site Address
- SIC Code
- Carrier Licence
- Facility Permit
- Facility Address
- Container Type (e.g. Tipper, 7 Yard Skip, 1000L Bin)
- Quantity
- EWC code
- Weight or Volume

Example Delivery Ticket

These tickets show both clearly the dispatch address and the site address.

As they are timber deliveries they include the FSC certification and the dimensions of the timber. This ensures the timber is responsibly sourced.
